SITHUMINI ARIYASENA

DevOps Engineer Intern

+94 70 506 7302 • sithuminiariyasena@gmail.com • Colombo, Sri Lanka

LinkedIn | Portfolio | GitHub

Professional Summary

Computing Information Systems undergraduate with a strong interest in DevOps, cloud technologies, automation, and CI/CD. Currently developing knowledge of Python, Git, Docker, Kubernetes, and modern software tools. Eager to gain practical experience, learn from industry professionals, and build a career as a DevOps Engineer.

Education

BSc. Honours in Computing & Information Systems — Expected Graduation – 2028

Sabaragamuwa University of Sri Lanka — 2024 – Present

Secondary Education

Mo/Mahanama Central College, Monaragala — Physical Science Stream

Projects

FarmTrust AI Pricing Website

Technologies: React, Tailwind CSS, Next.js, MySQL, REST API

- Developed a web-based platform focused on AI-assisted agricultural pricing and providing users with accessible pricing-related information.
- Built trust through reputation features, secure transactions, and real-time email updates to keep users informed and transactions reliable.

HelpDesk Tracker

Technologies: React, Tailwind CSS, Next.js, MySQL

- Developed a help-desk tracking solution for managing support requests and improving visibility into issue status and resolution workflows.

Bloom Corner

Technologies: HTML, CSS, JavaScript, Next.js

- Developed a flower boutique web application that provides users with a convenient platform to browse and purchase flowers online.
- Implemented responsive user interfaces and interactive features to provide a user-friendly shopping experience.

Jay Fit Zone

Technologies: React, Tailwind CSS, FastAPI, Python, PostgreSQL, SQLAlchemy, REST API, Google Gemini API, JWT Authentication, Docker

- Currently developing a centralized gym management system for Jay Fit Zone with member management, membership tracking, payment verification, and admin reports.
- Implementing AI-powered fitness chat, personalized workout and diet plans, and QR-based exercise guides

Skills

Operating Systems & Tools	Linux (Ubuntu), Git, GitHub, Docker, Kubernetes
Programming	Python, JavaScript, SQL
Web Development	React, Tailwind CSS, Next.js, Responsive Web Development
Databases	MySQL, PostgreSQL
DevOps & Containers	Docker, Kubernetes, Containerization, CI/CD, DevOps Fundamentals
AI & Automation	Google Gemini Pro, n8n, AI Agents
Soft Skills	Teamwork, Time Management, Leadership, Effective Communication, Critical Thinking

Work Experience

Administrative Assistant | *Singer Sri Lanka PLC* January 2024 – June 2024

- Managed inventory records, monitored stock levels, maintained accurate documentation, and supported data entry and administrative record management.

Extracurricular Activities

- **Active Member & Volunteer of the Month** – IEEE Student Branch, Sabaragamuwa University of Sri Lanka (2025)
- **Organizing Committee Member & Host** – IndustryX 2026, IEEE Sabaragamuwa University Sri Lanka
- **Host** – Tech Talk V3.0: Society of Computer Sciences, Sabaragamuwa University of Sri Lanka
- **Active Member** – Rotaract Club, Sabaragamuwa University of Sri Lanka| Leo Club, Sabaragamuwa University of Sri Lanka
- **Active Member** – Institute of Electrical and Electronics Engineers (IEEE)
- **Volunteer** – Society of Computer Sciences SUSL, IEEE Student Branch SUSL, IEEE Women in Engineering (WIE) SUSL

Certificates & Certifications

DevOps Foundations LinkedIn

- Completed foundational learning in DevOps principles, collaboration, automation, continuous integration, continuous delivery, and modern software development practices.

Certified Kubernetes Administrator (CKA) – Learning Path LinkedIn

- Currently developing practical knowledge of Kubernetes administration, including cluster architecture, workloads, networking, storage, configuration, and troubleshooting.

Microsoft Azure Fundementals LinkedIn

- Gained foundational knowledge of cloud computing concepts, Azure services, and cloud-based solutions in preparation for the Microsoft Azure Fundamentals (AZ-900) certification.

IEEE YOUNG PROTEGE 2026 Mentoring Program - Domain Of DevOps

- Gaining practical and industry-oriented knowledge in DevOps, including CI/CD, cloud technologies, containerization, automation, and modern DevOps practices through guidance and mentoring from an industry mentor.

Build AI Agents with n8n LinkedIn

- Completed training in building AI-powered agents using n8n and LLMs, including workflow automation, tool integration, automated document generation, and email preparation.
